## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see Amendment, filed 12/13/04, with respect to claims 1-24 have been fully considered and are persuasive. The rejections of claims 1-24 have been withdrawn.

### ***Reasons for Allowance***

2. Claims 1-24 are allowed over the prior art of record.
3. Regarding independent claims 1, 7 and 14, the prior art of record does not teach "the image processing unit includes a plurality of interfaces each corresponding to one of the image reading unit and the image writing unit, and is configured to perform image data processing independently for each of the image reading unit and the image writing unit"; similarly, independent claim 22, the prior art of record does not teach "the image processing unit includes a plurality of interfaces each corresponding to one of the scanner application and the printer application, and is configured to perform image data processing independently for each of the scanner application and the printer application".
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
